County Commission To Replace Coles Bridge

The Coffee County Commission met in regular session on Monday, November 15, at the courthouse in Enterprise and instructed County Engineer Frank Charlton to proceed with plans to replace Coles Bridge, an antiquated one-lane bridge that crosses the Pea River at the old Snellgrove's Mill, near New Hope.

Mr. Charlton informed the commission that on Thursday, November 10, two Highway Dept. officials inspected the bridge, and reported the state would provide \$100,000 in excess funding to help cover the expense of building a new bridge. The new bridge would cost approximately \$537,000, according to Charlton, and could be paid for out of existing funds.

The funds listed include \$109,000 in oil lease money, \$100,000 in 1983 bridge funds, \$100,000 in 1984 bridge funds and \$128,000 in 3R money, which when added to the state's money would meet the cost of the bridge construction.

The commission told Charlton to proceed with plans on the bridge, in order to meet the deadline to get on the December bid letting.

Mrs. Carol Agnew, representing the Coffee County Humane Society, informed the commission of what the organization does. The local society was incorporated in Feb., 1983, after being organized by a group of private citizens. The society, which operates solely on donations, offers rescue and care for stray animals in the county and

counseling for residents with pet problems. Last year the organization took in 160 animals, of which 130 were adopted.

"As the Humane Society becomes better known we have a problem taking care of the large number of calls," said Mrs. Agnew. "I submit a need for a Coffee County Animal Shelter, with the county agreeing to help cover expenses. If the county will provide the shelter it will free the society to concern itself with adoption and education."

The society, according to Mrs. Agnew, would help with funding, but the commission took no action following her presentation.

A resolution was presented to Alabama Prison Commissioner Freddie Smith for his aid in remodeling the Coffee County Jail in Elba. The prison commissioner instituted a program to help counties with projects by the use of inmate labor. The program saved the county thousands of dollars in the renovation of the jail.

In other action at Monday's meeting, the commission:

***signed a proclamation proclaiming the week of November 18-24 as "Farm-City Week" in Coffee County;

***heard Mr. Jesse McCall ask the county to cut a 440-foot right-of-way near his home in the Coppingville area;

***voted to send out bids on a new patrol car for the County Sheriff's Dept.;

***was informed that the Sparks St. project was progressing, with 70 percent of the fluming completed, and prime and grassing to be done this week;

***was informed that the Turner's Crossroad project was nearing completion, with a contract to be let Dec. 9;

***accepted maintenance responsibility for the streets in Gateway Estates subdivision;

***voted to make the Ewell Griffin Road an "All Weather" type road;

***approved the engineer's attendance at a November 9 "Pavement Management Seminar" in Auburn;

***was informed Asst. Engineer Randy Wynn had resigned to accept a position in Mobile with Alabama Power Company;

***authorized the county engineer to place "35 MPH Speed Limit" signs at County Road 14 at Conagra and on County Road 18 near the Enterprise Airport;

***stated it would choose a county depository on November 28;

***authorized the commission and the engineer to attend a mid-winter conference, state convention and national convention;

***was told a state Civil Defense official would be at the November 28 meeting to make a proposal for the county to join the program;

***adopted the minutes of the previous meeting;

***and, paid bills.

Commission Declares Farm-City Week In Coffee County

At Monday's meeting of the Coffee County Commission, the commission voted unanimously to proclaim the week of November 18-24 "Farm-City Week" in Coffee County.

The proclamation is as follows:

COUNTY GOVERNING BODY
PROCLAMATION
FARM-CITY WEEK
NOVEMBER 18-24, 1983

WHEREAS the prosperity and well-being of the citizens of Coffee County are dependent upon cooperation and understanding between the two great elements of our society: farmers and urban people, and

WHEREAS each element has its individual problems and diverse activities which could lead to a lessening of understanding, and

WHEREAS Coffee County citizens desire to foster and encourage even better relationships, each group must understand the mutual dependence on each other, and

WHEREAS Farm-City Week provides an excellent opportunity for farm and city people to continue mutual trust and support.

Chamber Of Commerce Membership Banquet To Be Held Saturday Night

The Elba Chamber of Commerce will hold its annual general membership meeting on Saturday, November 19, at the Elba Middle School, with featured speakers to include Dr. Joseph Talmadge, president of Enterprise State Junior College and Michael B. McCain, assistant director of the Alabama Development Office.

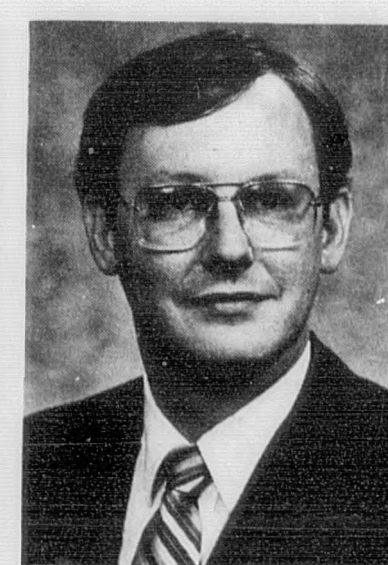

The annual meeting will begin at 6:30 p.m., and the local chamber will salute National Farm-City Week with special decorations.

Dr. Talmadge, age 47, was born in Greenville, Ala., and graduated as valedictorian from Greenville High School in 1954. He received his B.A. Degree in 1958 from Vanderbilt University and received his Masters from Vanderbilt in 1959. His doctorate was earned in educational administration at Auburn University in 1976. He taught at Evergreen High School from 1959-65 and was then appointed Dean of Instruction at Enterprise Junior College a position he held until he assumed the presidency of the school on October 1, 1981.

Dr. Talmadge has served on numerous committees and commissions dealing with education. He is also a deacon at the First Baptist Church in Enterprise and a member of the Board of Directors of the Enterprise Chamber of Commerce.

Talmadge

McCain

McCain attended school in Ohio and later earned a B.A. Degree from the University of Alabama-Birmingham. He is active in numerous Development Councils and is a member of the Chamber of Commerce Executives Association of Alabama.

All Elba residents are invited to attend the meeting, which will include dinner. Tickets are \$2.00 per person and may be purchased from any Chamber Councils and is a member of the Chamber of Commerce Executives Association of Alabama.

In County

Garbage Problem May Be Solved

Barring a last minute complication, residents of rural Coffee County may soon be once again enjoying the privilege of garbage pickup.

The Coffee County Commission met on Monday of this week with two possible contractors and the proposal offered by Mr. Enon Riley, of Enterprise, had at least three commissioners ready to sign him up immediately.

Mr. Riley told the commission, "I have a proposal we both can live with. It will enable me to pay my bills and make a little money and at the same time keep the rates low enough for the people. I can work with the people, and if they will work with me, I can serve them well."

According to Riley's proposal, he must have 1,000 customers to start the service and as soon as the customers are signed up he'll be ready to go to work, possibly as early as Dec. 5. Under the proposal, the collection rates would be \$5.75 a month per household for once a week service and \$4.00 a month for similar service to senior citizens. Rates

for schools and businesses would be negotiated and Riley told the commissioners, "You can serve as inspectors."

Comm. Rex Boutwell stated a per household charge for dumping would be higher than Riley's estimate of \$11 per truckload, and suggested both parties study all details further before making a decision.

A representative of Southeast Horizons Unlimited was also at the meeting, and again listed a set of guidelines which must be met before the company could begin garbage pickup. The company wanted: sole rights to pickup in the county; at least

1,200 customers to start; rates of \$6.50 a month for households and \$130 a month for schools, and no obligations to continue the service.

The commission balked at the "sole rights" asked for and the clause putting the company under no performance obligation and told the representative a later.

Commissioners Eugene Bradley, Marvin Bradley and Billy Egerton all wanted to give Mr. Riley a contract and "Put him to work"; however, it was agreed no decision would be made until the complete details could be looked at.

A decision is expected to be announced no later than November 28.

Complete Playoff Coverage.. Pages 9 & 10

The Elba City Council met Monday evening with all members present. The agenda appeared to be routine and low key, but the details behind the seemingly quiet words could have great economic impact on Elba. Additional income from the Southeast Alabama Gas District, and efforts to get a grant, could help the city finances and the activities funded from these monies.

The council approved changes in the operation of the gas district, which is owned by the 12 or 13 cities which use the natural gas from the pipe line. The change, if approved by all cities involved, will probably triple the \$800 annual income Elba gets from the gas company, according to estimates by Mayor Bob English.

He explained that good management by gas company officials has increased reserves to repay long-term bonded indebtedness to the point that the distribution of additional money to the cities is possible.

The city council also gave English authority to fill out the necessary papers to apply for any Conservation Department grants that may become available.

Councilman Sonny Inman opposed this move, explaining to this newspaper that he wasn't opposed to recreation, but wanted to get the streets cleaned before any other projects were undertaken.

A decision earlier in the meeting questioned the operation (or non-operation) of the street sweeper, leaf machine, etc., and told the council he had been getting complaints from local citizens on these matters. Inman noted that the street sweeper was broken, is old and worn out, judging from the repairs that have been necessary since the past year.

Inman and Councilman John Sharpless were appointed to look into the matter and report back to the council.

Councilman Charles Kennett voiced a complaint over loose dogs in town, noting that he still sees garbage barrels turned over all over town. Kennett stated that when the dog control ordinance was passed, some citizens sold or gave away their dogs, others spent money on pens and fences, while some never complied, and this wasn't fair. He urged the law be enforced or changed.

Sharpless spoke up and informed the council that he had been bitten three weeks ago by a loose dog.

English asked Police Chief John White for comments, and White read from a four-month report that the animal control officer had answered 956 complaints, impounded 238 dogs, sold twenty and destroyed 191 animals.

The use of the tranquilizer gun previously used by the city has been outlawed, English told the council members, and the only method of catching was a net or getting the animals to come to the catcher on their own.

The mayor appointed Kennett and Frances Trammel to get with the chief and the animal control officer, review the ordinance and make recommendations.

Bids were opened on the purchase of two trucks: a one-ton truck to replace one now used to pick up limbs and a pickup to use with the mosquito sprayer, etc. Cook Chevrolet and Ed Sherling Ford were the only bidders, with Ed Sherling being the apparent low bidder on both vehicles. Bids on the one-ton vehicle were \$11,707.35 from Cook and \$11,019.06 from Sherling. Bids on the pickup were \$7013.46 from Cook and \$6833.90 from Sherling.

Appointed to review the bids and make a recommendation was Council-

man Cleo Hawkins. English urged him to review the specifications and be sure they were bidding on the vehicles requested by the city. Hawkins is to report back at the next council meeting.

Monthly bills totaling \$13,287.19 were paid by the council after English reviewed the most expensive items in the group.

Gasoline headed the list at \$6254. Add to this \$1500 repair to a garbage truck, \$700 for police uniforms and \$1000 for telephone bills. English had stated at the last meeting he was going to look into the high telephone bills but stated Monday night that he still had not worked out the problem. He said he had called the telephone company and was to meet with them on the matter.

English stated that work release inmates would be helping with city-wide cleanup; street sign replacement is planned at about \$200 per month; and sidewalk paving is underway with the first replacement having been done near city hall on Buford Street.

English said the cable TV folks have given him a timetable for expanding the coverage area in the city and were promising additional channels at the same time. Councilman commented that these promises had been made before and not fulfilled, and English agreed and explained he was only repeating what he had been told after many letters and telephone calls. Councilman Hawkins told the group he had in hand plans showing just where the cable company planned to place their lines.

English also promised the council he would give them an update on the progress at the Elba hydro dam by the next meeting. He said he would also have available exact dates the contract required work to be underway and power to be generated.

BRAINSTORMS

With Ferrin Cox

The Alabama legislature is back in session this week to allocate some money for prisons and other projects Governor Wallace feels can't wait until the regular session next spring. Wallace has stated he feels the \$14 million that is available from the oil/gas severance tax needs to be put to work in opening a prison that is built and not in operation, plus getting another one underway. This is all okay with us, but we don't know what those "few other things" are that his aides mentioned; and this unknown is what worries this country boy.

One of the young ladies in our office brought me a coffee cup with "The Boss" printed very plainly on the side. After saying our thanks, we suggested to others around here that they should have the same respect! Well, about the second or third one asked if maybe the giver of the cup was making as she usually ignored my comments as much as everyone else. Now I am wondering -- and sit off in the corner sipping half-cold coffee from my new cup feeling very insecure.

Several weeks ago when the Elba Tigers played football in Andalusia we got ahold of some good groceries. The hot melted cheese and Nachos served from the concession stand really hit the spot, especially with those hot peppers available for an extra quarter. We were hungry, and Elba fans kept coming back with plates of those goodies, and we just had to join them. Of course we weren't finished in time for the second half to begin, and a group of my "friends" in the stands just had to make some comments on the matter, and half the folks there then noticed my over-expanded waistline getting stuffed even further out. The food was really good, and I suggest those operating concession stands at Elba football games consider adding this treat to their gametime refreshments.

We arrived at the Andalusia stadium about thirty minutes before game time, and not having had supper, looked longingly across the parking lot to the lights coming from the home of our tax accountant. Since he is almost kinfolk AND gets a monthly check from us, we were tempted to see if he would swap the offer for coffee and cake after the game for some of his wife's good cooking; but before we could make a decision, we heard a policeman ring out, "Mr. Cox, you can park here." Our mind flipped that the old yellow truck was known even in Andalusia, but then we recognized Stephen Bullard of Elba who is now a member of the Andalusia Police Department. Stephen got us parked, chatted a minute or so and went about his business assuring us he really enjoyed working with the Andalusia folks.

One of the politicians supporting the new constitution that we didn't get a chance to vote on last week stated to me the other day that he was disappointed that I didn't support the revision. When he asked why I opposed it, and got the first two reasons - problems for municipalities and the fear of the unknown - he tried to explain why it was a good measure. When we got a chance, we asked him where he was when almost everyone in Alabama who was saying anything was opposing the matter. He didn't really know, but we suspect it was good politics for him to present a low profile on that particular issue. We want the lawmakers to take the constitution one section at a time and make whatever changes necessary, but it around so we all understand and are sure there are no hidden benefits (fancy retirements, etc.) and then vote on that section. This may take years, but this country boy could be comfortable with that method.

The football season is over for the Elba Tigers, and even though they lost their last game, they did it with honor. No Elba fan that attended the Eufaula game came away ashamed of the home team because they put their heart into the matter but were defeated by a better team. We salute the team and the coaches for a good season. In past years this newspaper has published critical reports of the sportsmanship of Eufaula players - with my blessings. Therefore, it is appropriate for me to say here that I was impressed with the good sportsmanship of the Eufaula ball players. They displayed a rare quality of being able to execute an aggressive football offense or defense and seconds later help up their peer from the opposing team or pat him on the shoulder pad as they trotted back to their respective huddles. We salute them and sincerely wish them luck as they move on toward the state championship. They are true champions in my book.

Football fanatics in Elba can now concentrate on college ball or can root for the Enterprise Wildcats if they would like to see a Coffee County team in the winner's circle. Coach Bill Bacon's Wildcats from across the river redeemed their only loss of the regular season by defeating Prattville last Friday night. They have been working for this since that "kiss your sister" tie that made them co-champions last year. Maybe this time they can come home with the record of having smacked one on the beauty queen while sister watched! Owning a business in more than one town has advantages, but it also has some disadvantages. For sure every week we need to be one place when we are at the other - that we have accepted. However, last Wednesday night when it was discovered late in the evening that some things in Elba HAD to be in Graceville, Florida, early the next morning, Hedy and I hit the road at midnight headed for Florida. Adding to the insult of the late night trip was the fact that a door lock that had been giving trouble was changed during the day Wednesday and we couldn't even get into our own newspaper office; and everyone with any brain had been in bed a long time. We worked it out and returned home in a solid bank of fog. The only other mar to our trip was the language of some real cute drunks that came into the only place we knew of to get hot coffee between there and home. While they probably thought the profanity and vulgar talk to each other was macho, it didn't sink in on one that way, nor give me a very high opinion of the female traveling with them. It also cost the restaurant some business, as we were about to order breakfast, but instead paid for the coffee and left.

***Optimism in America was based on things, our ingenuity, our industrialism, our knowledge of science. But why, as our level of living went steadily up, did our level of confidence go steadily down? As we reached the peak of our power why did trust evaporate in so many places? When we got started as a nation we had only three million people less than half the inhabitants of New York City today, yet we turned out a generation of statesmen named Washington, Hamilton, Jefferson, Franklin, Adams you could name a list as long as your arm. Today we are a population 70 times as great. But how many of the men now campaigning would say are of the caliber of that first generation of statesmen? Pharo once said, "What's honored in our country who is honored in our country who is cultivated there." Consequently, we Americans have fantastic basketball players to go along with our scientific equipment. Doesn't it make you want to trust equipment a little less and God a little more? What's honored in a country will be cultivated there. Please go to God's church Sunday.

HOLIDAY OPEN HOUSE
Holiday Open House is December 1st in the Community Room of the Farm Center, New Brockton. The times are 10:00 a.m.-1:00 p.m. and 7:00 p.m.-8:00 p.m. We want you to come. A small fee is charged at the door to take care of our expenses.

FALL TABLE ARRANGEMENTS
If you have a small room, you may make it look much larger with mirrors. Mirrors also can change the visual dimensions of a room or corner. Here are some tips for using mirrors effectively. A small entryway or dining area appears more spacious through the use of mirrors. Small bathrooms will look wider if mirrors are added—and you'll have more rooming aids. Likewise, a bedroom or hall looks larger with sliding mirrored wardrobe doors and you'll have a full-length grooming aid.

Community Thanksgiving Service To Be Held

Are you a thankful person? Are you guilty of using God's daily blessings and taking them for granted?

All of us have so much for which to be thankful. We should express our gratitude to God every day, but Thanksgiving season is a time for us to especially count our blessings and express our gratitude to our Heavenly Father.

The Elba Ministerial Association is sponsoring a Community Thanksgiving Service Tuesday evening, November 22, at 7 o'clock at the First Assembly of God on Highland Drive.

The message will be given by Rev. David Rieburg, pastor of Whitewater Baptist Church. Music and singing will be under the direction of the host church. Other

pastors of the city will also participate in the service. Everyone is invited to join

in this service to give thanks and enjoy fellowship together.

HRDC To Distribute Communities
The HRDC will be distributing commodities November 22, at 9:00 a.m. at the American Legion building in Elba. Food Stamp Office building in or receiving unemployment and elderly over 60.

NOVEMBER 15, 1973

Chosen bridal colors of blue and white provided a soft setting for the marriage of Jackie Lou Wallace and Hughie Wilton Bryan Jr.

Pictured are Pee Wee League champs for the baseball season. The team completed, the Saints, grades 1-3: Michael Maddox, Dennis Manning, Eddie Crawford, Tim Williams, Keith Bell, Timmy Williams, Doug Weeks, Kevin Kelley, Donnie Morris, Greg Henderson, Charlie Marler, Larry Mills, Coach are Donald Weeks and Nicky Mack.

Large number of friends and relatives met at the home of Mr. and Mrs. W.C. Hatway to celebrate the birthdays of Gordon Hatway, Sampson Davis and Mrs. Della R. Farris. At the noon hour a bountiful spread was enjoyed by everyone, and barbeque and all the trimmings were prepared.

Personal: Jimmy Harrison, left Thursday morning for New York City, where he is spending a week visiting friends.

Mr. and Mrs. Raymond Lynn Jr. (the former Louise Williams) announce the birth of a baby girl on October 27 in a Browton hospital. She weighed 6 lbs. 14 ozs. and was named Rebecca Louise. Grandparents are Mr. and Mrs. Raymond Lynn Sr. of Brewton and Mr. and Mrs. James E. Williams of Elba.

Through the Keyhole, Aline and Spencer Ziglar entertained her graduating class recently at a dinner party, featuring turkey, all the trimmings. Class colors were remembered in the table and the pink carnations. Of the 16 class members, those present were Doris and Gerberl Pinkard, Louise and Charles Hayes, Hern and Louise Michael of Macon, Georgia, and Mary and Phillip McKinnon of Crestview.

Elba's newest business, English Sundry Store, will hold its formal opening Saturday, from 9 till 4, Bill English will manage the store and invites everyone to come and take advantage of the special bargains. A 35-cent ice cream treat, the "Flaming Mammie" will be sold for 15 cents. We have a complete fountain service.

Elba's planning a trip to New York City as their final Girl Scout venture before college. The 12 girls of Troop 300 will be accompanied by Mr. and Mrs. Robert Cannon. The girls are busy planning ways to raise the money for the trip.

On Sunday, November 14 a large number of relatives and friends gathered at the home of Mr. L.G. Davis (better known as Green) near Opp, to celebrate his 73rd birthday. Mr. Davis had all his children with him, namely: Lee, Samp, Claude, Matthew and Beal of Rt. 3, Elba; Gardie, C.C. Roy, Beria, Fannie and Mollie; Lumious Daughtery of Opp, Rt. 3, Barbecue and a lot of other good eats were served. In the afternoon interesting speeches were made by Judge J.A. Carney and Watus Madsen. Mr. Davis also made a short talk.

Many friends and relatives of Mr. A. Kelley, who has been in North Africa for the past six months, will be glad to learn that he is back in the United States. He landed in Charleston, South Carolina, November 5, and is now at Starks General Hospital.

PASTOR'S CORNER

REV. FERRON SMITH
Wise Mill Assembly of God

Do you live as if you are completely forgiven? Or do you let the devil whisper things to you like, "You can't expect to live a holy life because a person with a past sins will never be able to reform," or "What you've done is so terrible that God will never be able to forgive you," or "You're ruined for life. God can't do anything with a mess like you?"

Don't ever listen to those lies. God says He forgives your confessed sin and won't even remember it again. He doesn't just put all the smutty contents of your sin in an envelope so you look perfectly good on the outside. He removes sin and actually makes you pure and righteous.

Moses didn't run around saying, "But I killed a man in Egypt so there's no way that God can use me." Moses knew how to accept God's forgiveness, to live close to God, and to let God do miraculous things through him.

Peter didn't keep reminding himself that he had denied Jesus at the time when Jesus needed him most. Peter lived like a forgiven man, and that made all the difference. With forgiveness comes God's love, joy and power to defeat sin. Of course, the earthly consequences of sin will still be around the murdered man who still will be dead, the murderer will be in jail, the illegitimate child will keep asking questions, and the relatives met at the home of Mr. and Mrs. W.C. Hatway to celebrate the birthdays of Gordon Hatway, Sampson Davis and Mrs. Della R. Farris. At the noon hour a bountiful spread was enjoyed by everyone, and barbeque and all the trimmings were prepared.

Bible Verse
Labor not for the meat which perisheth, but for that meat which endureth unto everlasting life, which the Son of man shall give unto you: for his hath God the Father sealed. Then said they unto him, What shall we do, that we might work the works of God? Jesus answered and said unto them, This is the work of God, that ye believe on him who hath sent me. John 6:27-29

ICT CLASSES HAVE GUEST SPEAKER

Nadine Brassell, Elba General Hospital's Radiology manager, spoke to the ICT classes here Friday, October 28. Mrs. Brassell gave the students some very interesting information about how X-Rays and radiology works.

Following this, she gave a slide presentation on radiology, explaining each slide.

Mrs. Brassell expressed the many opportunities in the field of radiology and also how very interesting and rewarding the job really is.

Everyone really enjoyed the presentation and learned a few things they didn't know about X-Rays and radiology.

The high school sports scene will get a little hectic in weeks to come as basketball season goes up against the football playoffs. Oh well, at least I'll know what I'll be doing every night!

TIGERS END SEASON WITH 8-3 SLATE

Elba's loss to Eufaula ended the season for the Tigers, and while the loss was disappointing, the season was not. Elba went into the season coming off a 4-5 record and with only a handful of seniors, the football fortunes for 1983 looked dim. The coaches worked hard; however, and worked the players hard and with a combined team effort the Tigers claimed an "SAC" and "Area 3" championship! The credit goes to everyone involved and I congratulate each and every one of them for making 1983 a season to remember.

A QUICK LOOK BACK AT THE FINALE

Looking back to Friday night's ballgame... I felt Elba had a chance to win going into the game, but Eufaula was better than Elba and deserve to win. The offense couldn't get anything going against the stingy Eufaula defense and mounted only one drive all night long. The line just couldn't handle Eufaula and that shut us down. Elba's defense played hard for 2 1/2 quarters, but gave out in the second half. Eufaula ran away with the win. Elba didn't play that bad, but they could have played better and had a shot at winning. I guess we're not ready for big time ball just yet!

I can't leave the game without praising our fans. They came out in large numbers and really showed spirit in cheering for the players. I know I scolded them last week, but this week they deserve praise for making the long trip and keeping the faith. It sounded great!!!

EQUAL TIME FOR EUFAULA...

A couple of years ago I criticized Eufaula's team for its style of play and actions on the field, so, I feel like it's only right to mention that Friday night they showed sportsmanship and played with class. The players played hard, as you'd expect, but played good, clean football and represented the people of Eufaula well. You've got a team to be proud of!

GREENVILLE STUNS 4A NORTHVIEW IN CHARITY BOWL

The first annual Charity Bowl was held in Dothan last week and Greenville founded Northview 21-3. The 3A Tigers were huge underdogs going into the game, but outplayed 4A Northview all over the field and completely dominated all aspects of the game. It was fun watching Greenville play somebody other than Elba.

IT'S ROUND BALL TIME, SO, GET READY

It's hard to believe football is almost over, that is until you walk in the gym and hear the balls bouncing! Yep, it's basketball season and the action has already started down at Kinston where the Bulldogs are holding a tip-off tournament. The tourney features 4 good teams, and while the teams are far from being full-speed, the action is exciting. The tournament winds up tonight (Thursday), so, go on down and see what to expect this season.

Elba has got two weeks off before its opener and you can bet Coach Kennedy and his crew will be putting in some long hours as they prepare for what could be a big year.

PLAYOFF PICKINS AS THE SEASON ROLLS ALONG

Ye ole Polish Prognosticator hit on 11 of 12 picks last week, missing only Sweet Water's loss to Repton. Maybe I'll stay lucky this week.

BRANTLEY VS. REPTON

The Bulldogs had to struggle to beat Coffee Springs, while Repton stunned Sweet Water. This looks like a wild one and I'm picking Brantley to light up the board!

Brantley 36, Repton 29

ENTERPRISE VS. JEFF DAVIS

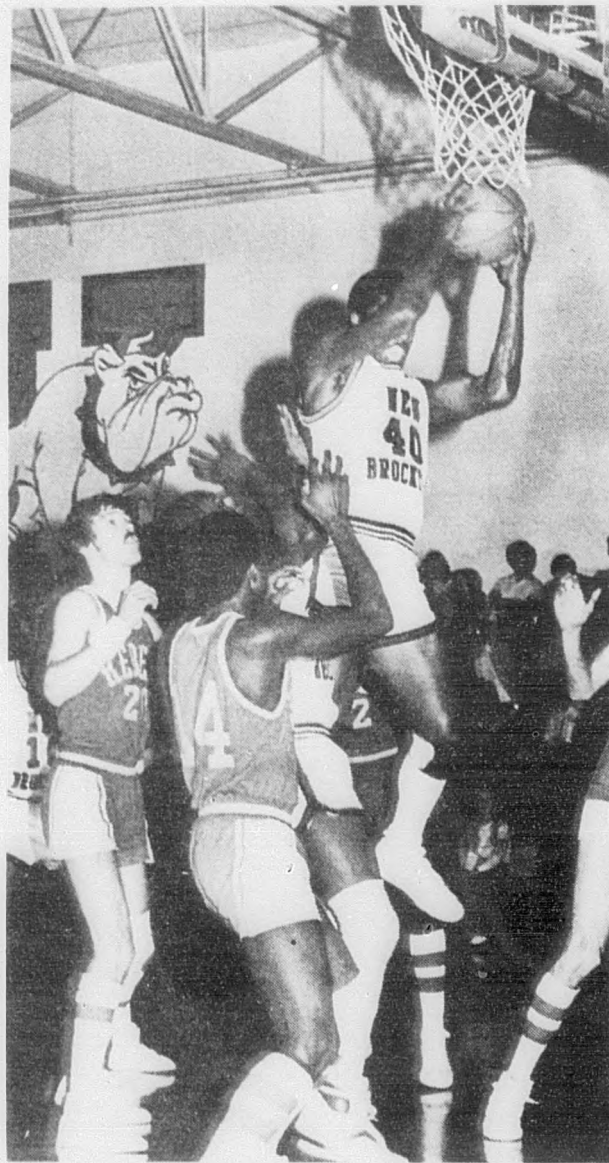

The big rematch everyone knew was coming has arrived and it should be a dandy. The Wildcats are favored; however, I've got a hunch this may be Jeff Davis' year!

Kinston & New Brockton Claim Opening Round Wins

CONTROLLING THE BOARDS... New Brockton's Greg Haggan (40) yanks down a rebound in the Gamecocks' 51-50 win over Zion Chapel.

Goodman Clubs Coffee Springs 67-44

The Goodman Junior High Eagles opened the season on a winning note last week with the showing of 67-44 victory over the Coffee Springs Junior Bears.

Goodman came out in a sticky, full-court press and took advantage of turnovers to pull out to a lopsided 20-8 lead. The Eagles cooled off in the second stanza, but continued to play good defense and went in at halftime with a 37-17 bulge.

The Eagle press took charge in the third quarter and led by the showing of Michael McWaters, pulled out to a whopping 62-27 advantage! Goodman's Coach Sonny Scypers emptied his bench in the final quarter and the reserves mopped up the 67-44 win.

Michael McWaters scored 21 points to lead Goodman, while Bobby Myers added 16 and Tim Salter hit 10. Darrell Franklin and Scott Ballard scored 16 and 15 points to

The Kinston Tip-Off Basketball Tournament opened Monday night at the Kinston High School gym, with the New Brockton Gamecocks and Kinston Bulldogs claiming exciting wins.

The tourney will conclude tonight (Thursday) with Zion Chapel meeting Coffee Springs at 6:30 and Kinston tangling with New Brockton at 7:45.

New Brockton 51
Zion Chapel 50

The New Brockton Gamecocks pulled out to a 5-point lead late in the final stanza and turned back a furious Zion Chapel rally to edge the Rebels 51-50.

The game was close in the early going as the lead swapped hands on almost every trip down the court. The Rebs moved on top late on a lay-up by Lynor Duncan and at the end of the stanza were holding a 12-10 bulge. Zion Chapel stretched its lead to 24-19 with 2:50 left in the half on a bucket by Greg Flowers; however, the Gamecocks battled back behind the play of Layman Hornsby and went in at halftime with a 27-26 lead.

New Brockton pulled out to a 33-28 bulge early in the third quarter as Greg Haggan scored from in close and the Gamecocks held on to lead 39-34 going into the final stanza. Zion Chapel refused to quit and closed to within 41-40 with 4:31 left as Greg Flowers got hot from outside, but the Gamecocks refused to give up the lead and clung to a 51-50 lead with :14 left on the clock. The Rebs got the ball back with 10 left and set up a final shot, only to see it roll off the rim as New Brockton claimed the 51-50 win!

Greg Haggan and Layman Hornsby scored 19 and 17 points, respectively, to lead New Brockton, while Zion Chapel's Terry Haynes led all scorers with 20.

Coffee Springs 75

Alvin Henderson hit a driving lay-up with :36 left in overtime to lift the Kinston Bulldogs to a wild 77-75 win over the Coffee Springs Golden Bears.

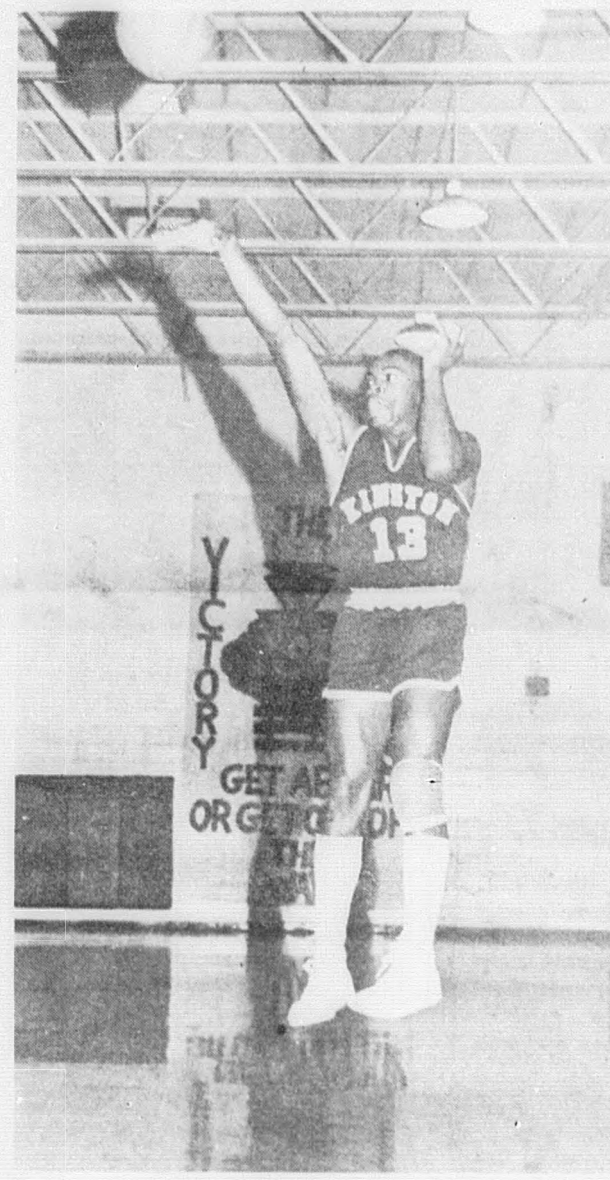

The two Class A rivals swapped buckets for much of the opening stanza, with Kinston's Alvin Henderson keeping the Bulldogs in the hunt with hot outside shooting. Coffee Springs pulled ahead 19-16 with 6:41 left in the half, but Kinston battled back and nosed ahead 22-21 with 5:15 left on another Henderson bomb!

The Golden Bears began to get their running game on track midway thru the quarter and outscored the Bulldogs 15-4 to go in at halftime with a stunning 36-26 lead.

Kinston scored 8 straight points to open the third quarter and pulled within 36-34 on a bucket by Ronald Thorn with 5:47 left in the stanza. The Golden Bears clawed their way back out to a 6 point lead late in the quarter, but the Dogs again came back and tied it up at 50-50 going into the fourth quarter.

Kinston pulled out to a 60-56 lead with 5:55 left in the game and appeared ready to take command. The Dogs' lead stood at 66-61 with 4:26 left; however, Coffee Springs wouldn't die and rallied to go ahead 69-68 with 2:42 left on the clock.

Kinston showed it too wouldn't quit, and moved back on top 73-69 with only 1:06 left on a bucket by Rodney Clark. The lead vanished quickly under a

Fall To Eufaula 27-6

Tigers Ousted From Playoffs

Elba defensive tackle Ken Ware (74) drags down the Eufaula quarterback from behind for a loss. Ware had a big night on defense for the Tigers!

Dwayne Hooks (30) heads upfield on a kickoff return against Eufaula. Hooks had a busy night in the Tigers' loss to Eufaula in the 3A playoffs.

Elba running back Michael Scott (25) fights for yardage against the tough Eufaula defense. Scott scored Elba's only touchdown in the 27-6 loss.

The Elba Tigers' hopes to win a state football crown came to an abrupt end last Friday night when they fell to the Eufaula Tigers 27-6 in the opening round of the Class 3A playoffs.

The win upped Eufaula's record to 10-1 and advanced the Tigers to a second round match-up against Atmore, while Elba finished the season with an 8-3 slate.

Elba won the toss and elected to kick, hoping the defense would give it early momentum. The strategy was sound, however, the gambit backfired as Eufaula took the opening kick and drove 80 yards in 16 plays to score a touchdown! The Elba defense challenged Eufaula and appeared to have it stopped on four occasions, only to surrender a big play each time that kept the drive alive.

Eufaula moved to a first down at the 13-yard line and seemed stopped on a quarterback sack on third down, but the Elba tackler inadvertently grabbed the face mask, setting up a third and three, instead of a fourth and 11. Eufaula moved right in following the penalty and went on top 6-0 on a one-yard dive by Calvin Thomas. Ken Ware broke through to block the extra point, but with 5:43 left in the third quarter, Eufaula was ahead for good at 6-0.

Eufaula moved to a first down at the Elba 31 on its next series and appeared headed for a second score, only to be backed up by two penalties, which forced a punt. The punt backed Elba up to its own 12-yard line and the Tigers had to punt following three running plays.

Alfred Reeves fielded Hudson's punt on the Eufaula 47, headed for the sidelines and turned on the speed as he raced 53 yards for an apparent score. A clipping penalty nullified the touchdown, however, and again Elba had dodged a bullet.

Eufaula put together a drive following the clip that reached Elba's 27-yard line, but the Tiger defense toughened and stopped Eufaula when Dwayne Hooks knocked down a fourth-down pass.

The Elba offense got its only first down of the half following a defensive stand on two good runs by Rhett McCollough, and the Tigers were suddenly thinking about putting points on the board. Elba went to the air following the first down, only to see a pass interception, leaving Eufaula with a 12-0 lead with 3:13 left in the half.

Neither team could mount an offensive threat in the closing minutes of the stanza, and at halftime Elba went in trailing 12-0.

The Elba defense came out fired up in the second half and stopped Eufaula cold, and following a short punt the Tiger offense put the ball in play at the Eufaula 19. The large Elba crowd came to its feet following the defensive stand and the offense responded by moving to a quick first down on the Eufaula 33 on the running of Michael Scott and Mark Henderson!

The drive ended one play later when Eufaula's Craig Denson pounced on an Elba fumble, but the defense got the ball right back when Tim Dyess picked off a Eufaula pass and returned it to midfield. A fumble resulted in an eighty-yard loss and foiled the ensuing drive, with Eufaula taking over at its own 24 following a John Hudson punt.

The Eufaula offense, which had been held to only 69 yards rushing through two-and-a-half quarters, suddenly found its ground game and drove 76 yards on seven running plays to build its lead to 20-0. Kent Davis picked up 27 yards on two carries on the drive, while Michael Kelley got the touchdown on a 32-yard jaunt. Kelley added the two-point run and with 1:54 left in the third quarter Eufaula's lead was up to 20-0.

Eufaula got the ball back three plays later on a punt and wasted no time adding to its lead as it drove 68 yards in five plays to score again. A 39-yard run by Alfred Reeves

Elba defensive end Todd Sanders (81) tackles a Eufaula runner for a short gain. Dwayne Hooks (30) tripped up the runner on the play.

set up the score, which came on a one-yard drive by Kent Davis.

Mickey Thomas added the p.a.t., and with 10:51 left in the game, Eufaula had opened a 27-0 advantage.

Elba moved into Eufaula territory on the ensuing possession as John Hudson rambled 18 yards on a faked punt, but the drive fizzled and died at the Eufaula 42.

The Tigers dodged another bullet when a touchdown run was nullified by a penalty, and the Elba offense salvaged some pride as it drove 87 yards following

a punt to score its only touchdown of the night.

Mark Henderson and Michael Scott had good runs during the drive, while a 42-yard pass from John Hudson to Mick Phillips set Elba up on the Eufaula eight-yard line. Michael Scott scored two plays later on a five-yard run and when a two-point pass fell incomplete Elba found itself trailing 27-6 with 1:10 left in the game.

An on-sides kick failed on the ensuing kickoff and Eufaula ran out the clock to claim the 27-6 win.

Individual Statistics

Michael Scott rushed for 46 yards on 14 carries to lead Elba, while Mark Henderson added 31 yards on seven carries. John Hudson gained 20 yards on two carries and completed one pass for 42 yards. Kent Davis led a host of Eufaula backs with 64 yards on 11 carries.

Danny Folmar made 10 tackles and six assists to pace the Elba defense, while other standouts included Dwayne Hooks (81 and 4A), Terry Ware (8T and 2A), Mark Henderson (7T and 1A), Rhett McCollough (5T) and Brian English (5T and 2A).

Brantley Bulldogs Dump Coffee Springs 21-12

By: Billy W. Williamson

The Brantley Bulldogs pulled out to a 14-0 lead in the opening stanza and held on to defeat the Coffee Springs Golden Bears 21-12 in the opening round of the state Class A football playoffs.

The win upped Brantley's record to 11-1 and advanced the Bulldogs into a second round showdown with Repton, while Coffee Springs ended the season at 9-3.

The Bulldogs defense stopped the Golden Bears cold on the initial possession of the game and got the ball on the 45-yardline following a punt. The Bulldog offense heated things up in a hurry as it drove 55-yards in 9 plays to grab a 7-0 lead. The drive was highlighted by the running of Marvin Booker

and Mike Coleman, with a key play being a 23-yard halfback pass from Booker to Donald Burnett. The touchdown came with 6:03 left in the first quarter on a 5-yard pass from Todd Johnson to Ray Christian, and Jimmy Tisdale's p.a.t. made it 7-0 Brantley.

The Bulldogs got the ball right back on another punt and this time drove 70-yards in 7 plays to go on top 14-0. A 40-yard pass from Mike Coleman to Lee Johnson and a 20-yard pass from Todd Johnson to Donald Burnett set up the score, which came on a 5-yard run by Todd Johnson. Tisdale's p.a.t. was true and with :57 still left in the first quarter Brantley held a surprising 14-0 bulge.

A pass interception killed a Brantley drive early in the second quarter and a second interception midway thru the

quarter set the Bears up on the Bulldog 43-yardline. Coffee Springs struck quickly following the second turnover, as on the first play from scrimmage Tim Rodgers hit Tony Key with a 43-yard scoring toss. The extra-point was blocked by Paul Smith, but with 7:35 left in the half Brantley's lead had been cut to 14-6.

The Bulldogs threatened again late in the half and drove to the Coffee Springs 23, only to be stopped on yet another pass interception at the two-yardline.

Brantley couldn't move on its initial possession of the second half, but got a break when Reggie Williams recovered a Bear fumble on the 14-yardline and quickly moved in to add to its lead. Mike Coleman got the call on three straight plays, and crossed the goal line on a 2-yard run. Tisdale added the p.a.t., giving the Bulldogs a 21-6 lead with 6:20 left in the third quarter.

Coffee Springs came right back following the score and drove to a first down on the Brantley 5-yardline behind the running of Greg Hutcherson. A penalty backed the Bears up to the 10, and then quarterback sacked by Paul Smith and Rodney Hall killed the threat! The Bears would not say die, however, and drove 29-yards midway thru the final stanza to pull within 21-12. A 25-yard pass from Tim Rodgers to Tony Key and good runs by Hutcherson and Ronnie Green highlighted the drive, which was climaxed when Green scored on a 2-yard run. A two-point conversion failed, but with 5:01 left in the game Brantley's lead was down to 21-12.

The teams swapped turnovers on their next series and the clock ran out with Brantley owning a 21-12 win.

Marvin Booker gained 63-yards on 13 carries to pace Brantley while Greg Hutcherson led Coffee Springs with 96-yards on 11 carries.

Brantley quarterback Todd Johnson (15) heads upfield for a big gain in the Bulldogs' 21-12 playoff win over Coffee Springs. The Dogs will host Repton this week.
